Share Beth Tezuka Biography Information Name Beth Tezuka Gender Woman Age Date of Birth: 16. April Couple Season 1 Episodes 15 Some other season 1 Episodes and Seasons 2-Present 16 Types Of Human Occupation Member brave warriors Relatives Johnny Tezuka (Father)Paralyzed Horse (five)Introduced In Pilot Appearance Latest Present Voiced by Tara Strong (Pilot)Liliana Mumy (Seasons 1-present) See Gallerist Beth Tezuka is one of the main characters of the Series Of The Food Warriors. She's the only official female member of chris kirkman's team and sympathizer. Her voice called her Liliana Mumy. Beth's appearance is a brightly decorated warm stretched young woman with long black hair, which she scrolled to the left. She wears a white short-sleeved coat with a green and grey overalls, a green belt with a peach-coloured sticker on it, light grey high-knee socks, black high-ankle boots and grey straps on the cap. She wears a green swimsuit that looks like a bikini and a towel that oved her swimsuit into a stick on the gas. A personality even as a born warrior at heart, Beth sports a cute, energetic and fun-loving demeanor who was too hesitant to acknowledge her feelings for Chris Kirkman. This was possible because over the years (before the Aeon Worm was closed in the See-Through area) the Aeon Worm had eaten all its feelings. Beth likes the rest of her team and has even earned an unheard of affection for Chris (which she is aware of, but never mentions). She later admitted feelings for him. Chris calls his soul mate and says she loves him. She became angry and expressed doubt and jealousy when she discovered that Chris and Plum were spending time together in The Worm, mainly because she loves Chris. Even though she's good-working, she's tough and perfectly capable of her hand. Beth is very artistic and clearly does not believe in the ideals of destiny and romance. In Aeon Worm, she also showed a certain degree of giving to Johnny Tezuka (Beth's father), who called him a gentleman after talking to her, suggesting that she was raised in a strict household. Still, she realized he wasn't sane and wouldn't let it stop her from punching him in the face. Background At a younger age, Beth is still Chris Kirkman's best friend/playmate and good friend/playmate Chris, Danny Vasquez and Wallowa. Chris and Beth rode a paralyzed horse From a photo in this gallery, Chris would even ride on her Paralyzed Horse, which was struck by the knowledge of space-time Calliope. Johnny Tezuka (Beth's father) was the leader of the Brave Warriors before they were lost in the See-Through zone and was eaten by Aeon Worm until her teenage years. In the meantime, she joined her friends and together they became the bravest warriors. Weapons & Abilities Pilot: Resplendent Maelstrom - In a pilot episode presented to Nickelodeon, she had a red whip is able to send energy beams to the target, causing them to become rotated, even though this was only seen in the pilot episode, and may not be a canon. Series: Red Cat - By rubbing her suckers like the rest of her team, she can summon an animal species. A common cat (dull pink) who can take on different shapes, all of which are feline-theme. In addition to the whip, it has been transformed into a giant cat (Memory Donk), although it can probably be transformed into other forms. Cat Lasettes - Beth sports a red whip (which comes from a sticker on the belt) with ropes in the shape of heads. (Series). Poisonous cat claws - Beth can launch her feline ropes to scratch her enemies with her poisoned claws, disorientation and blind target (Lavarithh). Cat Bubble - Her pet label can become a giant bubble in the shape of a cat that lyses and protects those inside it. It can grow bigger than a space bus and will always land safely on the ground (Memory Donk). Passenger particles - In Comic #20, it is revealed that Beth's DNA contains passenger particles that act as Accelerators of Evolution. In fact, they can make the organism grow rapidly in hours or minutes. As a result, the Aeon worm chose Beth as host to absorb all her feelings due to their acceleration effect. This ability was the reason why Mr. Tezuka made a door that led him through the see-through area that the Aeon Worm was trapped. Chris Kirkman's relationship Chris and Beth are best friends and grew up together. Although Chris has a crush on them, he clearly ignores this fact and seems inglessly to Chris' feelings. Still, Beth's very obsessed with Chris. In the original animated short films, Beth was clearly unaware of Chris' love for her and couldn't hear him when she finally confessed her feelings. Beth and Chris kiss in an episode of Memory Donk, when they both lose their memories, but when Beth reverts to her memories (while kissing Chris) he retaliates by stating that they are just friends and playfully punches him in the chest. In Bravest Warriors Comic #20 Beth finally acknowledges his feelings for Chris. When the tow-clad tow bundle pulled the Bravest Warriors, Beth persuaded Chris to come with them and told Chris that she loved him, but when they finally got out of it, Chris couldn't remember what had happened or forgotten the confession, as if nothing had happened. Beth wasn't worried if she was listening, so it was just an impulse. In the episode Of Hamster Priest, when Beth returns to her dimension, she sets off while trying to say that Chris and Plum are French, probably jealous of Pluma. He also lovingly sees Chris in the eye when he picks her up. Even when she finds out in The Worm Season that Chris was spending time with Sliva, she sounded upset or sad. Plum Plum and Beth are close friends enjoying the cooling. Danny Vasquez Danny and Beth had a previous relationship with the pilot, but that was from the series. Danny and Beth are good friends and Danny admits Chris' crush on Beth. Danny almost always supports him. Danny and Beth sometimes fight like cats and dogs, funny because they're their signed animals cat (Beth) and dog (Danny). Danny and Beth have a playful friendship and are often offensive (usually through insults). In Bunless, when Danny had to dance with Beth, it seemed uncertain at first, but then he seemed to enjoy dancing with Danny, and vice versa. In Cereal Master Danny calls Beth off a little chuck-wagon as an expression of giving to Beth and mentions her cinnamon girl air. Although it's important to know that he was talking about it to motivate Chris to start a relationship with her. In The Parasox Pub The Emotion Lord mentions that because Chris didn't kill Pudding Town, Danny marries Beth. It says Danny and Beth will get married if Chris follows the back of the road and Chris doesn't follow the zarzap. That's why it's unclear if Beth and Danny are still getting married. In The Worm Season, while the Warriors follow Mitch on a Falcon suit, Danny has flirtatiously commented. I quote, Put these women away, honey, I'll take care of you. But Beth showed no interest in it and turned it off immediately, which obviously hurt him. Later, six months later, within six months of Chris' disappearance, it's announced that Beth and Danny are getting closer and their relationship becomes a bit romantic, but they don't become an official couple. Wallow Friends and teammates. Beth's paralyzed horse Horse has somehow gained the ability to become completely sensitive and very intelligent after gaining the knowledge of space-time Calliope. Beth has a lot of love and care for him. Apparently, he sacrificed himself to save her from the eon worm. Beth has had a horse since she was six (so far it's 10 years in total). Beth neglected her horse because she doesn't ride much with him anymore. Her horse still cares about her and has knowledge of the future and the past, as he has discovered the meaning of life, and understands the principles of ness. From the 3 July 3085 gonch, he says that although he has supreme knowledge of erinity he still stands by Beth and cares for her and is bothered by the fact that when Beth hurts, she can't help him. Episode Appearances Season 1: Season 2: Season 3: Season 4: Mini Episodes: Moo-Phobia Dramabug Terrabeth Bytes Trivia Name Beth means Swearing God or God is a pleasure in English. Beth is a short form of Elizabeth. Beth's surname Tezuka means hand (扞) (te) and mound, hillock, grave (塚) (tsuka/zuka). Her last name in the web series was first revealed in Lavarithh. With her surname Japanese and her skin, it is very and very implied that she is a Japanese migration. The God of Emotion suggests that something happens in the future, maybe even death. disappears before this can be confirmed, saying that it has already given too much information. It was revealed at the Parasox pub that The Lord of Emotion was talking about Beth, who will marry Danny if Chris follows zarpapa's path. This could be a reference to the pilot episode of Brave Warriors where Danny and Beth are dating. Her last name came from Osam Tezuk, the creator of Astro Boy. Her body shape is strikingly similar to that of Fiona from Adventure Time. Beth's Cat Lasettes can invoke Fionn's adoptive mother, Cake, who can use her magical powers to turn it into a flail. In the comics there is a dark secret about Beth, who is only aware of the Lords of Emotions. This mystery is a potential threat to all life in the universe. It's been revealed that it's a secret that she's capable of carrying the children of Aeon Worms. Although the mystery can go further than that. This future was elusive because Danny managed to prevent Aeon worm from fertilization Beth. Beth wears glasses and glasses. Beth has a poster of DJ Shap Fancy Bone in the room and is said to be a big fan of him. The character Introduction of #2 comic book states the favorite food characters on the show, Beth's favorite food butter salad. In comics. Beth reveals that she has a love for a bazooka. At the end of season 2, Beth became the leader of the Bravest Warriors. It should never have ended this way - the father of part one, Johnny Tezuka, calls her Bethany, while in #1 the comic book series Plum she calls Elizabeth.
